Thank you for your donation to the Bhutan Foundation. We appreciate your support.

As you know, Bhutan is truly an extraordinary country and the Bhutan Foundation is working directly with the Bhutanese to help the country develop while preserving its unique natural and cultural heritage. The Bhutan Foundation aligns its programs under the country's development philosophy of Gross National Happiness (GNH) and the four pillars of Good Governance, Conservation of the Environment, Equitable and Sustainable Development and Preservation of Culture.

Once again, thank you for your support and for staying connected with Bhutan. You can continue to follow our progress as well as get updates on our projects on our website www.bhutanfound.org.

Sincerely,

A handwritten signature in blue ink, which appears to read "Bruce Bunting". The signature is fluid and cursive, with the first and last names being the most prominent.
